Summary

I have experience Competitive Programming, Data Analytics, Machine Learning, Artificial Intelligence and Google Cloud Platform which makes me quite unique candidates for any job. I have a variety of skills that allows me to take any task. I have Great Problem-solving skills with determination to my work.

Experience

Student Intern

Verzeo

Jun 2020 - Present (5 months +)

Verzeo is a pioneer in the Ed-Tech industry, the fastest-growing professional training platform in the country. As part of our initiative for educating the upcoming generations to be producers of technology.

Facilities Specialist

MyCaptain

Oct 2020 - Present (1 month +)

MyCaptain (www.mycaptain.in) is an Edu-Tech startup, previously incubated at IIM Bangalore and recognized by the United Nations SDSN as one of the Top 50 Worldwide Youth Solutions. We intend to help students discover and pursue their passions and make an informed career choice.

Competitive Programmer

HackerRank

Aug 2018 - Aug 2020 (2 years 1 month)

The experience as a competitive programmer at HackerRank was quite fun and acknowledging. Having experience as a competitive programmer gives me an edge in all the problem-solving tasks which require a wide understanding of algorithms and data structures.
